Four misfits are suddenly pulled through a mysterious portal into the Overworld: a bizarre, cubic wonderland that thrives on imagination. To get back home, they embark on a magical quest with an unexpected, expert crafter, Steve. Together, their adventure will challenge all five to be bold and to reconnect with the qualities that make each of them uniquely creative.

GARRETT

Garrett "The Garbage Man" Garrison (Jason Momoa) – Gamer of the Year 1989 – is a maestro at vintage arcades, but a total disaster at everything else in life.

STEVE

Steve (Jack Black) is the Overworld's most trusted (human) steward and a bona fide wizard of the cube. Luckily, the four misfits have got this new friend and his best friend, a wolf named Dennis, in their corner.

HENRY

Henry (Sebastian Eugene Hansen) is the new kid in high school, too smart for his own good. Making friends and fitting in is a formula he's never quite cracked.

NATALIE

Natalie (Emma Myers) has put all her life's plans on hold to take care of her younger brother Henry. She does a pretty good job of pretending this doesn't bother her...most of the time.

DENNIS

A blocky grey-white wolf, Steve's best friend in the Overworld, DENNIS will come to sneakily be one of the biggest heroes in the movie.

DAWN

Dawn (Danielle Brooks) is Natalie's realtor – in addition to her seven other side hustles, including her mobile petting zoo.

Dawn has dreams, wants to take her shot and follow them, but fear of failure keeps her stuck in neutral.

CREEPER

When the sun sets in the Overworld, the iconic CREEPER appears – a fuzzy green beast that sneaks up on our heroes and explodes, destroying anything or anyone unlucky enough to be nearby.

LLAMA

Peaceful long-necked farm animals, LLAMAS love swimming and munching bales of hay – gentle warning, they can spit long distances and are quite accurate.

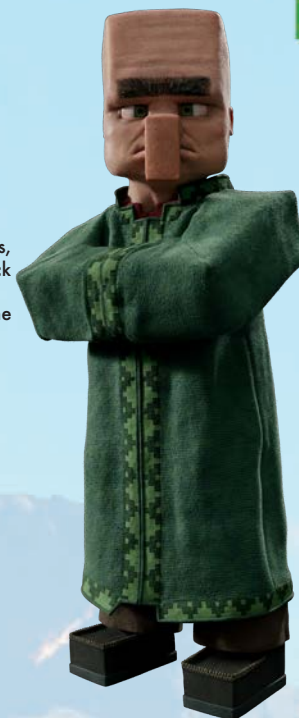

BEE

Just like their counterparts on Earth, BEES pollinate flowers and don't really sting unless provoked. The only difference is that here, they're perfectly square.

PINK SHEEP

One of the first creatures seen by our heroes, the Overworld's PINK SHEEP can be a shock to the eye (and ear) but they are peaceful, and their wool can be used to make quite the fashion statement.

VILLAGER

Peaceful (human-like / humanoid / human-adjacent) residents of the Overworld, VILLAGERS have made their home in Midport Village, where they farm and crush loaves of bread and just generally mill about.

SKELETON

Hostile creatures that spawn in hordes every time night falls in the Overworld, SKELETONS attack with bow and arrow. Like all Night Mobs, they have a strong allergy to sunlight (very strong – it kills them).

IRON GOLEM

Buildable from four iron blocks, IRON GOLEMS are gentle, elemental giants that won't mess with you unless you mess with a villager. (So.... y'know. Don't.)

ZOMBIE

Another of the terrifying Night Mobs that rise as the sun falls, ZOMBIES are green-skulled monsters that attack anything alive (since they, technically, are not).

THE NETHER

Native to the Nether, Piglins are minions that serve Malgosha, the all-powerful Piglin Queen. They love gold and destruction though it is said that, really, they're more stupid than evil.
